Meet the New Guys: Welcome All!

Associate Member

- **Art Green** - [Specialized Cleaning Contractors](#) | Member Since January 2022 | Referred by Frank Smith Masonry

Art jumped right into his membership by lending his expertise to help MCAC with a State water board regulation prohibiting use of potable water for washing buildings. Thank you for your activism Art, and thank you Frank Smith Masonry for spreading the word about MCAC.

Honorary Members

- **Jeff Barber** formerly of John Jackson Masonry | MCAC President 2016/2017
- **Joel Guth** formerly of iQ Power Tools and Masonry Technology, Inc. | MCAC President 2006/2007

Honorary Members are contractors with, at least, 10 years MCAC membership, have retired from masonry contracting and have been accepted for said membership by a vote of association members. Our two most recent nominees, Jeff and Joel, were approved for Honorary Membership at the MCAC 166th State Meeting November 5, 2021 in Scottsdale, AZ. Congratulations Jeff and Joel!

MCAC (state) Officers on the MCAA (national) Board of Directors

- **Ken Tejada**, MCAC President 2022/23 - Region H Vice President
- **Ray Wetmore**, MCAC Immediate Past President 2022/23 - CA State Chairman

California is represented on the national masonry association board of directors by two regional officers, the Regional Vice President and State Chairman. We appreciate that Ken and Ray will be those voices for

Masonry Institute of America (MIA)

Richard Rydel - Executive Director

Richard joined MIA at the end of 2021 to succeed John Chrysler, who, *mostly*, retired at the end of December after more than three decades leading the organization. We look forward to working with Richard and continuing the long-standing collaboration between MIA and MCAC.

CARB Tier 2 Portable Equipment 2022 Deadlines for Small Fleets

As a refresher, what is PERP (Portable Equipment Registration Program)? It is a voluntary California Air Resources Board (CARB) program that allows Owners or Operators of portable engines and other types of equipment to register their units under a single entity in order to operate their equipment throughout California without having to obtain individual permits from local air districts.

Common PERP equipment examples: air compressors, generators, concrete/grout pumps, water pumps, and stone drills.

Small Fleets have a total cumulative horsepower of 750 brake horsepower (bhp) or less for all portable engines under common ownership and control of the fleet.

The following deadlines apply to Tier 2 engines built prior to January 1, 2009 with between 50 - 750 bhp.

July 1, 2022

- Last day to designate Tier 2 engines as low-use or emergency use in the PERP program.
- Last day to apply for Tier 2 engines ownership transfer.
- Applications must be postmarked no later than July 1, 2022.

December 31, 2022

- Last day to operate Tier 2 engines under a PERP registration -- absent CARB approved exceptions like low or emergency use.

PERP applications must be mailed to: (fax, email, hand-delivered forms are not accepted)
CARB/PERP
P.O. Box 2038
Sacramento, CA 95812

**The Masonry Industry Says Goodbye to a
Legend - Gene Chubb**

August 19, 1930 - February 3, 2022

The masonry industry has lost another icon in Gene Chubb of RCP Block & Brick. Gene dedicated over seven decades to the masonry industry through his leadership of the family business (RCP Block & Brick), multiple terms as president of the Concrete Masonry Association of CA and NV (CMACN) and an inductee to the National Concrete Masonry Association (NCMA) Hall of Fame 2016.

Gene's **memorial service** will be held Wednesday, **April 20th at 11:00 a.m.** at Our Lady Grace Catholic Church located at 2766 Navajo Road, El Cajon, CA 92020.

There will be a reception to follow which will be held at Carlton Oaks Country Club located at 9200 Inwood Drive, Santee, CA 92071.

All are welcome to attend.
