An Update from MCAC on COVID-19

Essential Worker Verification Card

To assist your personnel in minimizing potential conflict with police and health officials, it is advisable to provide your essential workers (ref. pg. 11 of California’s Essential Critical Infrastructure Workers) with a certification card to display, if confronted about being out in public or working. California users may wish to cut and paste from the downloadable form, shown below, complete the blanks, and print for personnel to carry with them. The form is drafted for use in California, and Contractors in other locations with shelter-in-place orders and exceptions may wish to work with their counsel to prepare similar forms.

```
ESSENTIAL WORK CERTIFICATION

I, __________________, hereby certify that I am employed by ________________, and am working on the __________________ construction project in ________________, CA. This work is exempt from all shelter-in-place Orders according to Governor Newsom’s Executive Order N-33-20. Please call ________________ with any questions.
```

Thank you to Daniel McLennon of Smith Currie and American Subcontractors Association of California (ASAC) Government Relations Committee Chairperson for this timely article and resource.
