Here’s what one of our members is saying about the Flyers Fuel Program for their company:

“When it comes to fuel companies, there are many opportunities that talk a good game but changing over to the MCAC Flyers Fuel program for John Jackson Masonry and working with Shari Bradley really helped us make the transition happen smoothly. They enabled our employees to keep their current PIN numbers and found that the Flyers cards are accepted at more locations that we anticipated.”

“Receiving in real-time reports about who is fueling when and where, how much they are fueling, and at which stations is an excellent management tool. We are already finding fuel cost going down”.

“Thank you MCAC for this member benefit.”
